Two kinky novels -- over 200,000 words -- from EPIC Award winner Lauren Gallagher, including *Reconstructing Meredith*, winner of 2011 National Readers' Choice Award (Erotic Category) and 2012 finalist for both the National Leather Association Pauline Reage Novel Award and the EPIC Awards!

Kristen Locke is sexually frustrated and insatiably curious. Meredith Whitley is deeply traumatized and in search of a caring hand to help her heal.

Two very different women with two very different stories, but their answers both come in the form of Scott Moore, a snarky Dom with an impressive dungeon and a huge heart.

In *Light Switch*, Scott guides Kristen into the world of BDSM along with her voyeur neighbor, Matt Sommers. In *Reconstructing Meredith*, Scott's ex-girlfriend returns with a heartbreaking story, far too many physical and emotional scars, and a desperate need to reclaim the sexuality that another man tried to crush.

Through two stories of self-discovery and rediscovery, exploring and healing, two women find love where they least expect it, and find themselves always wanting Moore!

Light Switch and *Reconstructing Meredith* were previously published, and are also available individually.
